

Outcomes and experiences S3 Physics	G	O	R	How do I know I can do this or what can you do to improve your learning in this outcome?
I can define a series circuit as having only one path for the flow of current				
I can use the following rules to solve problems for a variety of series circuits $I_s = I_1 = I_2 = \dots$ $V_s = V_1 + V_2 + \dots$				
I can define a parallel circuit as having more than one path for the flow of current				
I can use the following rules to solve problems for a variety of parallel circuits $I_p = I_1 + I_2 + \dots$ $V_p = V_1 = V_2 = \dots$
