

Outcomes and experiences S3 Physics	G	O	R	How do I know I can do this or what can you do to improve your learning in this outcome?
<p>I can apply the following rule when selecting the fuse rating for an appliance</p> <p>3A under 720 W;13A over 720 W</p>				
<p>I can identify the quantities, and units, represented by the symbols in the formula</p> $P = \frac{E}{t}$ $P = IV$ $P = I^2R$ $P = \frac{V^2}{R}$				
<p>I can carry out calculations using the formula</p> $P = \frac{E}{t}$ $P = IV$ $P = I^2R$ $P = \frac{V^2}{R}$
