

Outcomes and experiences S3 Physics	G	O	R	How do I know I can do this or what can you do to improve your learning in this outcome?
I can select information from <ul style="list-style-type: none"> • Tables • Graphs • Text passages 				
I can make predictions from <ul style="list-style-type: none"> • Tables • Graphs • Text passages 				
I can draw valid conclusions from <ul style="list-style-type: none"> • Tables • Graphs • Text passages 				
I can carry out the following, for experimental based problems <ul style="list-style-type: none"> • Present data in an appropriate form • Describe safety procedures • Evaluate all procedures • Suggest improvements 				
I can carry out calculations using <ul style="list-style-type: none"> • Unfamiliar equations • Prefixes e.g. kilo ($\times 10^3$) • Scientific notation • Appropriate number of significant figures 				
I can explain the underlying Physics of unfamiliar situations
